

Pediatric Nursing®

Guidelines for Authors

Writing for *Pediatric Nursing*:

This journal's purpose is to reflect trends, policies, practice, and research in pediatric nursing. Topics should be timely, controversial, and currently unavailable in the literature. A query letter is requested, including an abstract of the manuscript and the anticipated submission date. Unsolicited manuscripts are welcome, provided that they are for the exclusive use of *Pediatric Nursing* and have not been previously published or accepted for publication, or are under consideration elsewhere. Authors are encouraged to use clear, concise, nondiscriminatory language.

Manuscript Form: Manuscripts should be typewritten, double-spaced, on one side of 8-1/2 x 11 inch white paper; maximum length 20 pages (5,000 words). A cover page should include the manuscript title (no longer than 12 words); authors' names, credentials, and primary affiliations; and the address, telephone numbers, and fax number of the primary author. This page should be followed by a substantive abstract of no more than 250 words. Manuscript title should be repeated on the first page of the text.

Figures/Tables: Tables and figures must include detailed legends. If the table or figure is taken from another source, include a full reference citation at the bottom of the page. Written permission for both print and electronic use must be obtained from the original publisher prior to the manuscript's submission. Photographs can be color or black and white, with a high resolution (at least 300 dpi).

References: References, photographs, figures, tables, and all other details of style must conform with the *Publication Manual of the American Psychological Association* (APA, 6th ed., 2010). All references in text should be cited by author and date, for example, (Doe & Brown, 2010). List all references in alphabetical order. Only use references that are actually cited within the text. Authors are encouraged to provide the digital object identifier (DOI) number directly after all references when possible.

Citing multiple authors: In-text citations with six or more authors should include the first author followed by et al., even in the first citation.

Seven authors or less: In the Reference section, list all seven authors:

Doe, J.R., Brown, M.S., Trent, J.R., Michaels, M.S., Bradley, J.R., Willis, M.S., & Williams, J.R. (2010). *Pediatric nursing care*. New York: Academic Press. (Book)

Eight or more authors: In the Reference section, list the first six authors, then an ellipsis, then the last author:

Doe, J.R., Brown, M.S., Smith, J.R., Jones, M.S., Thomas, J.R., White, M.S., ... James, J.R. (2010). Coping with hospitalization. *Pediatric Nursing*, 21(2), 115-120. (Journal Article)

Manuscripts must NOT contain reference software codes, and the use of reference software is highly discouraged.

Review Process: Receipt of manuscript is acknowledged by the editorial coordinator. *Pediatric Nursing* is a refereed journal; therefore, each manuscript is reviewed by members of the Manuscript Review Panel as well as the editors. Because manuscripts are reviewed blind (authors anonymous), names of authors should appear **only** on the cover page. Decisions regarding acceptance for publication are based on the recommendations of the referees.

Editing: *Pediatric Nursing* reserves the right to edit all manuscripts according to its style and space requirements and to clarify content. Edited copy will be returned to the primary author for approval.

Publication: Authors will be notified of a manuscript's acceptance usually within 12 weeks of receipt, with publication in the next available issue. Authors may purchase reprints of their articles at the time of publication. All authors of published articles will receive 10 complimentary copies (to be distributed to any co-authors) in appreciation of their work.

Submission Procedure: Submit via e-mail one electronic copy (MS Word format only) to Editorial Coordinator Jackie Massaro at jackie.massaro@ajj.com. Do not submit your manuscript as separate files (i.e., Title Page, Author Information, Abstract, etc.); combine all portions where able. Submission of hard copy is no longer required, but *Pediatric Nursing* defers to author preference.

Copyright: Copyright on all published articles will be held by *Pediatric Nursing*. Each author of a submitted manuscript signs a statement expressly transferring copyright in the event the paper is published. This form will be sent by the editorial coordinator when receipt of the manuscript is acknowledged. Authorization to photocopy items for internal or personal use, classroom use, or the internal or personal use of specific clients, is granted by Jannetti Publications, Inc., provided the appropriate fee is paid directly to Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, USA; (978) 750-8400. For those organizations that have been granted a photocopy license by CCC, a separate system of payment has been arranged. Special arrangements for permission are required from the publisher for any other purpose.
